# maicsa-utar students' conference 2011 GOVERNANCE: ISSUES AND CHALLENGES 12 NOVEMBER 2011 SATURDAY

# introduction

# programme

The Students' Conference is a regular feature in the calendar of events of The Malaysian Institute of Chartered Secretaries and Administrators (MAICSA). This year, the Conference will be jointly organised in collaboration with Universiti Tunku Abdul Rahman (UTAR) with the theme **"Governance: Issues and Challenges"**.

Corporate governance covers processes, policies and laws affecting the way an organisation is directed, administered and controlled. Good corporate governance is fundamental to the operations, growth and sustainability of an organisation. Corporate governance also includes the relationships among the stakeholders of the organisation and the goals for which the organisation is governed. The principal stakeholders of an organisation are the shareholders, management and the board of directors. Other stakeholders include employees, customers, creditors, suppliers, regulators and the public at large. Commonly accepted principles of corporate governance include:

- Role and responsibilities of the board of directors
- Rights and interests of stakeholders
- Integrity and ethical behaviour
- Accountability, disclosure and transparency

The objective of this Students' Conference is to help students gain a better understanding of corporate governance and its importance in the business and corporate sectors. In addition, students will also learn more about the ICOSA qualification and how ICOSA can help to advance their careers.

## TARGET AUDIENCE

- Students and lecturers of Universiti Tunku Abdul Rahman
- Students and lecturers of other universities and institutions of higher learning
- Students, lecturers and others who wish to learn more about ICOSA and the profession of the Chartered Secretary
