

SAS Apprentice Program

The most important question to ask on the job is not "what am I getting?", it is "What will I becoming?"

SAS, the leader in Business Analytics software and services, is looking for talents to join our "**SAS Apprentice Program**"!

Requirements:

- 4 – 6 months internship
- Degree in Statistics/ Economics/ Decision Science/ Business/ IT or equivalent
- Positive attitude
- Active in co-curricula activities
- Willing to learn and work hard
- Fluent in English with good communication skill

Kindly send your updated resume to siewling.tan@sas.com

*email subject must be "SAS Apprentice Program"

**please state your start date and duration clearly
