To all Foundation students:

ONLINE ACADEMIC ADVISORY SYSTEM

Academic Advisory System is implemented to ensure all students are placed under the care of an academic staff, to encourage students in achieving student learning and student development outcomes.

You may check the details of your Academic adviser through notification sent your UTAR mail account, Student Portal or refer to notice board for further details. Please check and ensure you have meet up with your adviser at least once a Trimester. Failure to do so, students will NOT be able to register for the following Trimester.

If you wish to check your adviser through Student Portal, you may read the guide made available through the following link: http://tinyurl.com/AcademicAdviserStudentGuide

For any further inquiry, please refer to Foundation General Office.
